

MEMORANDUM

Department of Information Services

To: Honorable Mayor and City Council
Through: Charles Lawson, City Manager
From: Bill Marion, Information Services Director
Keyvan Irannejad, Chief Building Official
Subject: Development System/On-line Permitting
Date: April 11, 2006

BACKGROUND:

Last year staff presented a proposal to move forward with an Online Permitting/Development System project. The focus of this project was two-fold, to provide an online permitting capability and to support the process improvement initiatives. This process began with a review of the permitting systems in use with other local jurisdictions. In total the permitting systems of 12 other jurisdictions were reviewed and 4 vendor presentations were coordinated. A general requirements definition involving the Building, Planning, Engineering, Fire Prevention and Finance Departments was completed. Based on the information gathered in this effort, a Request for Proposal (RFP) was drafted and released on October 10th, 2005. The following were included in the RFP as the goals of the new system:

- Support Permit Process Improvement (Improved Customer Service)
- Online Capabilities (Permit Application and Issuance, Plan Check Comments)
- Better Tracking of Application/Permit Status (Online Status)
- Better Accountability (Fees, Time Tracking)

Another concern was the projected increase in permitting activity. Based on planned or in progress developments, Building staff estimates that over the next 2 years the number of permits issued and inspections performed will double. The existing permitting system and staffing will not be sufficient to handle this increase at current service levels.

Staff reviewed the proposals received from the RFP and conducted 3 days of vendor demonstrations. Of the top proposals two were chosen as finalists. Site visits to local jurisdictions using these two systems were accomplished and a final selection was made. Staff then began discussions with the selected vendor to establish a fixed 5 year cost for the system. With the assistance of the Finance Department, a projection for Permitting and Development fees over the next 5 years was accomplished. This projection was then used to determine what the required cost recovery would be for the estimated 5 year life of the system. The cost calculations included hardware and software costs, hardware and software maintenance over 5 years, data conversion and initial installation costs. This cost could be recovered through a permitting automation fee. Based on the data above, it would require a 3.1% automation fee to recover the cost of the system over a 5 year period. On a typical residential water heater replacement, this would amount to \$4.37. For this fee, the customer would

have the ability to obtain a permit online, view plan check comments and inspection results online and schedule an inspection via an automated voice response system. While this example is for a residential customer, the development community would be provided with an even greater degree of service improvement.

While 5 years is commonly used as an estimated life of an automated system, the recovery period could be extended to six years with a 2.7% fee or seven years with a 2.5% fee. For the residential water heater example, this would equate to a \$3.81 or \$3.52 fee respectively. This fee would apply to the following:

- Building Permit
- Fire Safety Construction Permit
- Eng & Planning Services
- Planning Fees
- Traffic Impact Fees
- Park in-lieu Fees
- Water Line Ext. Connection Fees
- Sewer Connection Fees
- Treatment Plant Fees
- Storm Drain Connection Fees

The Finance Department suggested that the Capital Contingency Reserve could be used to fund the initial purchase and installation of the system. The automation fee would then replenish the Capital Contingency Reserve. Based on the current financial situation, there does not seem to be any other practical sources of funding other than through cost recovery.

This new system will provide a higher level of service to citizens, builders and developers justifying the automation fee. Information will be more readily and more quickly available, reducing applicant turn-around time, and hopefully reducing their cost to build in the City. The new system will also allow existing staff to manage an increased workload by reducing many of the time consuming ancillary tasks. For example, Building Inspectors now spend one hour per day entering the results of their daily inspections. With the proposed system, Building Inspectors would record inspections on a handheld device which would then transfer the results to the permitting system. Building staff spend several hours per day returning phone calls to schedule inspections. With the new system, applicants can schedule inspections via an automated voice response system, saving time for both City staff and customers. These efficiencies will make existing staff even more effective and productive.

This project is described as a development system because building permitting is just one part of a much larger process that an applicant must follow. This concept is the key to the process improvement initiative in that the activities of all departments are coordinated and the results of each step in the process are available to any City staffer who interacts with the customer. By providing a single integrated system, more accountability of deadlines, hours charged against a project, fees due and fees paid will be provided. At any step in the process, staff will be warned of outstanding conditions or fees prior to continuing work on a project.

While the fee does represent an increase in the overall monetary cost to an applicant, it will more than repay the customer with time savings and improved service. The City will benefit in that the

existing staff will be made more productive and the overall experience of building in Milpitas will be improved, making the City more attractive for future development.

RECOMMENDATION:

Staff recommends that Council consider the following:

1. Direct staff to return with the implementing language for a permitting automation fee effective July 1st, 2006 in the amount of 3.1%, 2.7% or 2.5%
2. Establish a Capital Improvement Project (CIP) for Online Permitting/Development System Implementation and approve the transfer of \$500,000 from the Capital Contingency Reserve for project funding
3. Award bid to CRW Associates for an automated development system

4. This software license shall not be sub-licensed, re-sold, assigned, transferred or otherwise distributed by the CLIENT to any other person, company or organization without the written authorization of CRW.
5. This Software, including any and all modifications, upgrades and bug fixes, is protected by the copyright laws of the United States and international copyright treaties. Unauthorized copying of the Software, including software that has been modified, merged or included with the Software, or the associated written materials (the "Documentation") is expressly forbidden. CLIENT may not remove, obscure, or alter any notice of patent, copyright, trademarks, trade secret or other proprietary rights in the Software. The Title, ownership rights, and intellectual property rights in and to this Software shall remain with CRW.
6. CRW has made reasonable checks of the Software to confirm that it will perform in normal use on compatible equipment substantially as described in the specifications for the Software. 1. *Software and Establishment of Escrow.*

Owner owns, or has the right to license or distribute, the "Software" identified in Exhibit A. By this Agreement, Owner establishes an escrow of "Deposit Materials" (see Exhibit A) for the Software (the "Escrow").

2. *Beneficiaries.* Each licensee of the Software who registers under Section 3 shall be a "Beneficiary."

3. *Registration.* To register a licensee as a Beneficiary with EscrowTech:

(a) Owner and the licensee will complete and execute EscrowTech's then-current Beneficiary Registration Form.

(b) The completed and executed Beneficiary Registration Form will be submitted to EscrowTech.

(c) EscrowTech will give written notice to Owner and the licensee of receipt of the Beneficiary Registration Form.

4. *Deposit Materials.* Owner shall deposit the "Deposit Materials" (including "Updates") into the Escrow by delivering to EscrowTech the Deposit Materials described in Exhibit A. Owner warrants that it has the right to provide the Deposit Materials to EscrowTech for the purposes of this Agreement and shall indemnify EscrowTech against, and hold it harmless from, any claim to the contrary by a third

party.

5. *Encryption and Reproduction.* Owner warrants that none of the Deposit Materials will be encrypted or password protected and that all of the Deposit Materials will be in a readable and useable form (for purposes of the Permitted Use - see Section 14) and will be readily reproducible by EscrowTech for copying as needed under this Agreement (see, e.g., Section 13). Exception: If Deposit Materials are transmitted electronically to EscrowTech via FTP or other electronic transmission method accepted by EscrowTech, then such Deposit Materials may be in an encrypted format that is acceptable to EscrowTech and that can be decrypted by EscrowTech and stored in an unencrypted format on physical media (e.g., a CD ROM). It is Owner's responsibility to provide any decryption tools/keys, passwords, and information needed for decryption. It is not EscrowTech's responsibility to discover if any of the Deposit Materials are encrypted or password protected or to provide de-encryption tools/keys, passwords or information needed for decryption.

6. *Updates.* Owner shall update the Escrow by delivering to EscrowTech Updated Deposit Materials ("Updates") as described in Exhibit A. Updates shall be part of the "Deposit Materials."

7. *Deposit Procedure.* Deposit Materials shall be delivered by Owner to EscrowTech in accordance with EscrowTech's then-current deposit procedures. Duplicate copies (i.e., two sets) of all

Deposit Materials in reliable storage media should be delivered by Owner, but EscrowTech is not responsible if Owner fails to comply with this.

(a) **Deposit Inventory Form.** Owner will submit with the Deposit Materials a completed Deposit Inventory Form. Such Deposit Inventory Form shall be a representation by Owner to each Beneficiary and EscrowTech that the Deposit Materials conform to the descriptions and identifications in the Deposit Inventory Form.

(b) **Confirmation.** To confirm receipt of the Deposit Materials, EscrowTech will mail or otherwise deliver a copy of the Deposit Inventory Form to Owner and each Beneficiary.

(c) **Deficiency.** If a Beneficiary believes that the Deposit Materials, as identified in the Deposit Inventory Form, are deficient (e.g., incomplete or inadequate) or if there is some other problem, then the Beneficiary shall notify Owner and resolve the matter with Owner. It is Owner's responsibility to deposit all required Deposit Materials.

(d) **Reproducible.** It is Owner's responsibility to ensure that the Deposit Materials provided by Owner (including, without limitation those on any electronic media - e.g., CD-ROMs, magnetic tapes, etc.) are provided in a reproducible form.

(e) **Verification.** EscrowTech is not responsible for verifying the completeness, accuracy, suitability, state, format, safety, quality, or content of the Deposit Materials. However, at the request of any Beneficiary or Beneficiaries, EscrowTech may conduct technical verifications of Deposit Materials for such Beneficiary or Beneficiaries in accordance with a Technical Verification Addendum to this Agreement. The requesting Beneficiary or Beneficiaries must pay EscrowTech's then-current fees plus expenses for the technical verifications.

(f) **Designated Beneficiary Option.** If certain Deposit Materials apply only to one Beneficiary (e.g., the Software is customized for a given Beneficiary), then Owner has the option of depositing such Deposit Materials only for that Beneficiary. In making a given deposit of Deposit Materials, Owner may designate the Beneficiary in the Deposit Inventory Form. Only the designated Beneficiary will have escrow rights (and potentially release rights) with respect to these Deposit Materials. Except for this restriction, the other terms and conditions of this Agreement shall apply thereto. It is the responsibility of Owner to clearly indicate the designated

Beneficiary. Owner may designate more than one Beneficiary, and in such case each of the designated Beneficiaries will be a designated Beneficiary as described above. The Beneficiary Fee for each designated Beneficiary will be increased as provided in Exhibit B.

8. **Replacement of Obsolete Deposit Materials.** Owner may identify for EscrowTech any Deposit Materials which become obsolete, outdated or redundant and instruct EscrowTech to destroy or return the identified Deposit Materials. Such identification shall be made in writing and must be consistent with the labeling and identification used by Owner when the Deposit Materials were delivered to EscrowTech or be otherwise understandable to EscrowTech. The instructions to EscrowTech must be accompanied by written permission from each affected Beneficiary for EscrowTech to destroy or return the identified Deposit Materials in accordance with Owner's instructions. The "Deposit Materials" shall cease to include any destroyed or returned Deposit Materials.

9. **License Agreement.** Owner and each Beneficiary have entered into one or more agreements identified in the Beneficiary's Registration Form that relate to the Software. For that Beneficiary, such agreement(s) is (are) referred to herein as the "License Agreement." This Software Escrow Agreement is "supplementary" to the License Agreement within the meaning of Section 365(n) of the U.S. Bankruptcy Code (11 U.S.C. 365(n)). If this Agreement and/or the License Agreement are/is rejected by Owner as a debtor in possession or a trustee or by any other person or entity under the U.S. Bankruptcy Code, then the Beneficiary may elect to retain its rights as provided in Section 365(n). The Parties intend that no bankruptcy or bankruptcy proceeding, petition, law or regulation (and no other proceeding, petition, law or regulation of a similar nature in any state or foreign jurisdiction) will impede, delay or prevent the release of Deposit Materials to a Beneficiary in accordance with the provisions of this Agreement, and Owner hereby conveys and licenses to EscrowTech such rights (including intellectual property rights) as are necessary to allow EscrowTech to lawfully make such release and perform this Agreement. This license is granted as of the date of this Agreement and shall predate any bankruptcy petition subsequent to such date.

10. **Embodiments of Intellectual Property.** The Parties agree that the Deposit Materials are an

"embodiment" of "intellectual property" as those terms are used in Section 365(n) of the U.S. Bankruptcy Code (11 U.S.C. 365(n)). The tangible Deposit Materials and any copies thereof made by EscrowTech in accordance with this Agreement are owned by EscrowTech, but such ownership does not include ownership of any copyrights or other intellectual property in or to the Deposit Materials.

11. **Release of Deposit Materials - Request of Beneficiary.** A Beneficiary will be entitled to receive the Deposit Materials if the "Release Condition" described in the applicable Beneficiary Registration Form occurs. The following release procedure shall apply:

(a) **Notice to EscrowTech.** The Beneficiary shall give written notice to EscrowTech informing EscrowTech that the Release Condition has occurred, and shall request EscrowTech in writing to release the Deposit Materials to Beneficiary.

(b) **Notice to Owner.** EscrowTech shall then promptly send written notice to Owner of the Beneficiary's notice and request for release. Such notice will be sent by a "next day" or "overnight" or "priority" or "express" delivery service (e.g., Federal Express, UPS, U.S. Express Mail, etc.) or will be delivered personally.

(c) **Release and Waiting Period.** Unless there is a timely dispute or objection as provided in Section 11 (d) below, EscrowTech shall release the Deposit Materials to the Beneficiary promptly after expiration of the Waiting Period. The "Waiting Period" shall be two weeks, beginning on the date that the notice is sent by EscrowTech to Owner.

(d) **Dispute.** If Owner disputes the Beneficiary's right to the Deposit Materials or otherwise objects to their release, then Owner must give written notice of such dispute or objection to EscrowTech prior to the conclusion of the Waiting Period. If EscrowTech receives such timely notice of dispute or objection, EscrowTech will not release the Deposit Materials to the Beneficiary until the dispute is resolved by Owner and the Beneficiary in accordance with Section 19 or by court order. Such resolution will determine whether or not the Beneficiary is entitled to receive the Deposit Materials. EscrowTech has no obligation to determine whether or not the Beneficiary is entitled to the Deposit Materials.

(e) **Partial Release.** If Owner believes that the

Beneficiary is entitled to a release of only a portion of the Deposit Materials (e.g., Deposit Materials corresponding to unlicensed versions - see (f) below), it is the responsibility of Owner to indicate this in a written notice to EscrowTech and to clearly identify in such notice the portion of the Deposit Materials that should be released to the Beneficiary and what should not be released. This notice must be given promptly and must be received by EscrowTech within the above Waiting Period. If the Beneficiary believes that it is entitled to more than said portion of the Deposit Materials, then this dispute shall be resolved in accordance with Section 19.

(f) **Unlicensed Versions.** A Beneficiary is not entitled to receive Deposit Materials corresponding to Software versions not licensed or provided by Owner to Beneficiary. [For example, if the Deposit Materials correspond to versions 1.0, 2.0, 2.1 and 3.0 of the Software, but only versions 2.0 and 2.1 are licensed to the Beneficiary, then the Beneficiary is only entitled to a release of the Deposit Materials corresponding to versions 2.0 and 2.1.] If applicable, it is the responsibility of Owner under (e) above to inform EscrowTech of the specific Deposit Materials which should not be released to the Beneficiary. In the absence of such information, EscrowTech may release all of the Deposit Materials in the Escrow or all of the Deposit Materials requested by the Beneficiary under (a) above.

12. **Release of Deposit Materials - Owner's Instruction.** Upon receipt of notice and instruction from Owner and the receipt of the Release Fee, EscrowTech shall release the Deposit Materials to the Beneficiary designated in the instruction.

13. **Copies.** Because there are multiple Beneficiaries under this Escrow, any Deposit Materials released to Beneficiaries under this Agreement may be in the form of copies of the Deposit Materials. EscrowTech may copy the Deposit Materials for the purposes of this Agreement. Such copies shall be considered Deposit Materials for the purposes of this Agreement.

14. **Use of Released Deposit Materials.** Deposit Materials released to a Beneficiary under this Agreement may only be used by the Beneficiary as permitted in its Beneficiary Registration Form ("Permitted Use"). Owner hereby licenses the Beneficiary to practice the Permitted Use. Although Beneficiary is not entitled to receive any Deposit Materials until after a release under this Agreement, this Permitted Use license is granted as of the date the applicable Beneficiary Registration Form is first

signed by Beneficiary or Owner and shall predate any bankruptcy petition subsequent to such date. If this Agreement and/or the License Agreement are/is rejected by Owner as a debtor in possession or by a trustee or by any other person or entity under the U.S. Bankruptcy Code, then the Beneficiary may elect to retain this Permitted Use license as part of the rights it may retain in accordance with Section 365(n) of the U.S. Bankruptcy Code. This shall not negate, prejudice or limit any other rights which the Beneficiary may have.

15. **Fees.** EscrowTech shall receive the following fees and payments:

(a) **Annual Fee.** Beginning on the date of this Agreement and on each anniversary thereafter until termination of the Escrow, Owner shall pay an Annual Fee to EscrowTech in accordance with the Fee Schedule (Exhibit B). The Annual Fee is payable at the beginning of the contract year to which it is applicable.

(b) **Beneficiary Fees.** For each Beneficiary, the Beneficiary Fee will be paid to EscrowTech in accordance with the Fee Schedule (Exhibit B). The Beneficiary Fee is first payable at the time of registration. This entitles the Beneficiary to registration for the remainder of the contract year in which the Beneficiary Fee is paid. Thereafter and until the Beneficiary ceases to be a "Beneficiary" (see Section 16), the Beneficiary Fee will be paid to EscrowTech in advance for each subsequent contract year. "Contract years" are based on the date of this Agreement and anniversaries thereof.

(c) **Excess Update Fee.** Four Updates to the Escrow per contract year are included at no extra charge. If more than four Updates are made in a contract year, Owner shall pay the Excess Update Fee (see Exhibit B) to EscrowTech for each extra Update. Any deposits of Deposit Materials for designated Beneficiaries under Section 7(f) shall be deemed Updates for the purpose of this Excess Update Fee.

(d) **Release Fees.** Each Beneficiary requesting a release of any Deposit Materials under Section 11 shall pay the Release Fee (see Exhibit B) to EscrowTech. If any Deposit Materials are released to a Beneficiary at the instruction of Owner under Section 12, Owner shall pay the Release Fee to EscrowTech.

(e) **Excess Storage Charges.** If the storage requirement for the Deposit Materials exceeds two cubic feet, then Owner will pay the Excess Storage

Charge (see Exhibit B).

(f) **Increases.** The fees set forth in Exhibit B are fixed for the first three years of this Agreement. Thereafter, fees are subject to reasonable increase by EscrowTech upon written notice. EscrowTech's then-current fees shall be payable.

(g) **Costs.** Each Beneficiary shall pay EscrowTech for reasonable costs incurred by EscrowTech in releasing, copying and delivering the Deposit Materials to the Beneficiary. All other out-of-pocket costs reasonably incurred by EscrowTech in connection with this Agreement are reimbursable by the applicable Beneficiary and Owner to EscrowTech. Costs are not included in the above fees and are payable in addition to the above Fees.

16. **Termination of Beneficiary's Registration.** A Beneficiary's registration will terminate and the Beneficiary will cease to be a "Beneficiary" under this Agreement if any of the following occurs:

(a) The Beneficiary gives written notice of such termination to EscrowTech.

(b) The Beneficiary's License Agreement terminates. [If the License Agreement consists of more than one agreement and if less than all such agreements terminate, then the License Agreement shall consist of the unexpired agreements and the Beneficiary shall continue as a "Beneficiary" under this Agreement.] In the event of such termination, the Beneficiary and Owner will give written notice thereof to EscrowTech. If such notice is given by Owner, but not the Beneficiary, then EscrowTech may send notice thereof to Beneficiary and if EscrowTech does not receive a written objection from Beneficiary within three weeks after the date of EscrowTech's notice, then EscrowTech may terminate the Beneficiary's registration.

(c) The Beneficiary breaches this Agreement and does not cure such breach within 30 days of written notice of such breach; and EscrowTech gives notice of termination to the Beneficiary.

(d) The Escrow terminates.

EscrowTech will have no obligation or liability to the Beneficiary after termination of its registration. Termination of a Beneficiary's registration shall not affect the other Beneficiaries.

17. *Termination of Escrow.* Subject to Section 18, this Escrow may be terminated by either Owner or EscrowTech upon 90 days advance written notice of termination to the other Party and to the Beneficiaries. Termination will not be effective until the end of the 90 day period (and any extension pursuant to Section 18). If a Release Condition occurs and EscrowTech is given written notice thereof under Section 11(a) prior to the date of termination, then the Escrow will not terminate without the written consent of the affected Beneficiaries. Upon termination of the Escrow, the following shall apply:

(a) EscrowTech shall either return the Deposit Materials to Owner or destroy the Deposit Materials, whichever Owner requests. If destruction is requested, EscrowTech will certify in writing to Owner that such destruction has occurred.

(b) EscrowTech shall have no obligation or liability to Owner or any Beneficiary after termination.

(c) Termination of the Escrow shall not affect any rights and licenses granted to EscrowTech or a Beneficiary with respect to Deposit Materials released to (or which should be released to) the Beneficiary because of a Release Condition occurring prior to the date of termination.

18. *Establishment of Substitute Escrow.* During the 90 day period under Section 17, Owner shall establish a substitute escrow of the Deposit Materials with a third party escrow agent for the benefit of each Beneficiary. The substitute escrow must be approved by the Beneficiary, but such approval will not be unreasonably withheld or delayed. If necessary, this matter shall be resolved in accordance with Section 19. If more than 90 days is needed to establish the substitute escrow and if EscrowTech receives written notice from Owner or a Beneficiary of such need prior to the end of such 90 days, then the 90 day period under Section 17 shall be extended as reasonably necessary and the Escrow shall not terminate until EscrowTech receives written notice from Owner that the substitute escrow has been established and approved. Owner has no obligation to establish a substitute escrow if all License Agreements for all Beneficiaries have terminated or if none of the Beneficiaries request a substitute escrow within three weeks after an written inquiry thereof from Owner to each Beneficiary.

19. *Dispute Resolution.* In the event of any

dispute between any two or more of the Parties relating to this Agreement or the Escrow, they shall first seek to settle the dispute by mutual agreement. If they have not reached a settlement within one week, then any disputing Party may thereafter submit the dispute to arbitration, and if so submitted, such dispute shall be finally settled by arbitration conducted in accordance with the commercial arbitration rules of the American Arbitration Association or its successor. The disputing Parties shall attempt to mutually agree upon a neutral arbitrator. If the disputing Parties cannot reach such agreement, they shall request the American Arbitration Association or its successor to designate a neutral arbitrator. Any arbitration involving EscrowTech as a party shall be conducted in Salt Lake City, Utah. Any arbitration to which EscrowTech is not a party shall be conducted in Owner's city as indicated at the beginning of this Agreement. This Section does not apply to any dispute between two Beneficiaries that does not include EscrowTech or Owner as a party to such dispute. The institution of any arbitration proceeding hereunder shall not relieve any Party of its obligation to make payments under this Agreement. The decision by the arbitrator shall be binding and conclusive upon the Parties, their successors, assigns and trustees and they shall comply with such decision in good faith, and each Party hereby submits itself to the jurisdiction of the courts of the place where the arbitration is held, but only for the entry of judgment or for the enforcement of the decision of the arbitrator hereunder. Judgment upon the award may be entered in any court having jurisdiction.

20. *Protection of Deposit Materials.* EscrowTech shall keep the Deposit Materials delivered to it in secure storage and shall keep the contents thereof confidential. If any of the Deposit Materials are damaged, destroyed or lost by fire, theft, accident, or other mishap or cause, Owner shall promptly submit to EscrowTech such Updates or replacements as are necessary to replace the damaged, destroyed or lost Deposit Materials. There shall be no Excess Update Fees charged for such Updates or replacements.

21. *Indemnification.* In the event that EscrowTech takes any action or inaction at the request or demand of Owner or a Beneficiary, then the Owner or Beneficiary making such request or demand shall indemnify and hold harmless EscrowTech and its directors, officers, employees, shareholders, and representatives from and against any and all liabilities, claims, judgments, damages, losses and expenses, including attorneys' fees, arising

out of or relating to such action or inaction.

22. *Depository Only.* EscrowTech acts hereunder as a depository only and is not responsible or liable for the completeness, accuracy, suitability, state, format, safety, quality, content, sufficiency, correctness, genuineness or validity of the Deposit Materials or any document submitted to EscrowTech or the execution of the same or the identity, authority, or rights of any person executing or depositing the same. EscrowTech is not responsible for any loss of Deposit Materials due to defective, outdated, or unreliable storage media (e.g., CD ROMs, magnetic tape, disks, etc.) or for the degradation of storage media.

23. *Uncertainty.* Notwithstanding anything in this Agreement to the contrary, if EscrowTech is uncertain as to any duty, obligation, demand, or right, EscrowTech may hold the Deposit Materials and refrain from taking any action and wait for a final resolution under Section 19 or a court order.

24. *Reliance.* EscrowTech shall not incur any liability in acting upon any notice, request, waiver, consent, receipt or other paper or document believed by EscrowTech to be genuine and to be signed by the proper party or parties, or in acting upon any resolution under Section 19 or any court order.

25. *Extraordinary Services.* In addition to the fees and charges for the usual services of EscrowTech under this Agreement (see Section 15 and Exhibit B), EscrowTech shall be entitled to additional reasonable compensation should EscrowTech be requested or required to perform any additional or extraordinary service; and EscrowTech shall be reimbursed for any out-of-pocket expenses (including, without limitation, travel expenses and fees of counsel) reasonably incurred in connection with such additional or extraordinary services. Extraordinary services include, but are not limited to, any involvement of EscrowTech, at the request or demand of Owner or a Beneficiary, in any arbitration or litigation between Owner and the Beneficiary.

26. *Disclaimer.* **ESCROWTECH MAKES NO WARRANTY NOT EXPRESSLY SET FORTH HEREIN. ANY IMPLIED WARRANTIES ARE DISCLAIMED AND EXCLUDED BY ESCROWTECH.**

27. *Limitation on Liability.* **FOR ANY AND ALL CLAIMS AND CAUSES OF ACTION (INCLUDING WITHOUT LIMITATION BREACH OF CONTRACT, TORT,**

MALPRACTICE, ETC.), ESCROWTECH'S AGGREGATE LIABILITY TO OWNER AND THE BENEFICIARIES SHALL NOT EXCEED THE TOTAL FEES PAID TO ESCROWTECH UNDER THIS AGREEMENT. IN NO EVENT SHALL ESCROWTECH BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, EXEMPLARY, SPECIAL, OR PUNITIVE DAMAGES OR LOSS OF PROFITS, REVENUES OR BUSINESS, EVEN IF ADVISED OF THE POSSIBILITY THEREOF.

28. *Interpretation.* The wording used in this Agreement is the wording chosen by the Parties to express their mutual intent, and no rule of strict construction shall be applied against or in favor of any Party. Section headings are for convenience only, and do not limit or affect the provisions of this Agreement or their interpretation.

29. *Entire Agreement.* This Agreement constitutes the entire agreement of the Parties relating to the Escrow. This Agreement sets forth all the duties and obligations of EscrowTech with respect to any and all matters relating to this Agreement, the Escrow or the Deposit Materials. EscrowTech has no implied duties or obligations.

30. *Force Majeure.* Except for obligations to make payment, no Party shall be liable for any failure to perform arising from causes beyond its control, including, but not limited to, fire, storm, flood, earthquake, explosion, accident, theft, terrorism, acts of public enemies, war, insurrection, sabotage, illness, labor disputes or shortages, product shortages, failure or delays in transportation, inability to secure materials, parts or equipment, acts of God, or acts of any governmental authority or agency thereof.

31. *Governing Law.* This Agreement, the Escrow and the relationship of EscrowTech with Owner and each Beneficiary shall be governed and construed under and in accordance with the laws of the state of Utah without regard to conflict of laws principles. Furthermore, in the event of any litigation or arbitration between EscrowTech and Owner or between EscrowTech and any Beneficiary, such litigation or arbitration shall be conducted exclusively in Salt Lake City, Utah and the Parties hereby agree and submit to such jurisdiction and venue.

32. *Notices.* All notices under this Agreement shall be in writing and shall be delivered to the address indicated for the intended Party at the beginning of this Agreement or, in the case of a Beneficiary, on Beneficiary's Registration Form, or to

such substitute address as any Party may designate for itself by proper notice to the other Parties. It is the responsibility of each Party to keep the other Parties informed of its address and telephone and fax numbers (except that a Beneficiary is not obligated to keep other Beneficiaries informed of this information).

33. *Modification.* This Agreement may only be modified, amended or rescinded by a writing signed by all affected Parties.

34. *Assignment.* This Agreement may be assigned by a Party to a successor who acquires substantially all of such Party's business assets relevant to the subject matter of this Agreement. The assigning Party shall give notice thereof to the other affected Parties and shall deliver to such other affected Parties a copy of the successor's written agreement to accept or assume this Agreement.

35. *Execution.* This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one and the same instrument. The persons signing below represent that they are duly authorized to execute this Agreement for and on behalf of the Party for whom they are signing.

The notice must describe the default and state the action which Beneficiary believes is necessary to cure the default.
- c. Beneficiary becomes entitled to a release of the Deposit Materials (i.e., source code for the Software) pursuant to the terms of the License Agreement.

PERMITTED USE OF RELEASED DEPOSIT MATERIALS:

In the event that the Deposit Materials are released to Beneficiary, the following shall apply:

- a. Beneficiary may only use the Deposit Materials to maintain, modify and enhance the Software. The maintained, modified and enhanced Software may only be used in accordance with the License Agreement.

- d. Items a., b. and c. above are subject to such additional rights or limitations as may be set forth in a provision, if any, in the License Agreement which addresses use of the released Deposit Materials by Beneficiary.

The Permitted Use is a fully paid-up license and may not be revoked, terminated or rejected without Beneficiary's written consent. This Permitted Use license also includes the right to use and copy the binary, executable and object code versions of the Software and the maintained, modified and enhanced versions of Software created from or with the Deposit Materials.

Explain the reason for the budget change:

Last year staff presented a proposal to move forward with an Online Permitting/Development System project. The focus of this project was two-fold, to provide an online permitting capability and to support the process improvement initiatives. This process began with a review of permitting systems in use with other jurisdictions followed by a requirements definition involving the Building, Planning, Engineering, Fire Prevention and Finance Departments. A Request for Proposal (RFP) was released on October 10th, 2005. A major concern is the projected increase in permitting activity. Based on planned or in progress developments, Building staff estimates that over the next 2 years they will issue in excess of 60,000 permits. Staff reviewed the proposals and selected a system that best met the City's requirements.

A fixed 5-year cost for the system was calculated along with projected permitting and development fees for the same period in order to determine the required cost recovery over the life of the system. This resulted in a 3.1% permitting automation fee. The recovery period could be extended to six years with a 2.7% fee or seven years with a 2.5% fee. It is suggested that the Capital Contingency Reserve be used to fund the initial purchase and installation of the system. The automation fee would then replenish the Capital Contingency Reserve over time.

The proposed system will provide a higher level of service to citizens, developers and builders justifying the automation fee. Information will be more readily and quickly available, reducing applicant turn-around time. With the efficiencies gained, it is expected that existing staffing levels would be sufficient to handle the projected increase in workload.

Approve a budget appropriation of \$500,000 from General Fund, Capital Contingency Reserve, to fund the initial purchase and installation of the system.
